# LEGAL DISCLAIMER

It is important that you carefully read this legal disclaimer section. If you have any doubts, seek legal, financial, tax, or other competent law professionals' guidance. All of the information shown here is not intended to be exhaustive, and it should never be construed as part of any formal agreement.

We are confident that the material in this white paper is correct and current, and that all products, services, technical architecture, token distribution, and corporate schedules are correct and current. Furthermore, all of this information may have been modified without notice, and it should never be construed as a binding advising agreement.

## **No Advice:**

Nobody is obligated by this white paper to sign a contract or make a legally enforceable commitment to donate. There is no advice in this white paper, and it cannot be used to sell or solicit Trillions' purchase of our token, nor can it be used to construct a contract or make an investment decision.

## **Compliance with Tax Obligations:**

If any taxes apply to their transactions, the users of the Website are solely responsible for ascertaining this. Who pays what taxes is not the responsibility of the website's owners or authors.

## **Limitation of liability:**

For any loss or harm originating from the use of this website's material, including written material, links to third-party sites, and data such as quotes and charts as well as buy/sell signals PERBUG will not be held responsible for any damages. Understand the risks and costs associated with trading assets on the financial market (digital or otherwise). ICOs, in particular, is one of the riskiest investment choices available to investors. Chances are you'll lose everything you've invested.

## **Investment risks:**

Because of the high level of risk, cryptocurrency trading is not suitable for all investors. Before trading cryptocurrencies, tokens, or any other digital asset, you should carefully examine your investment goals, level of experience, and risk appetite.

# Abstract

By the number of customers and projects, PerBug aims to be the largest freelancing and crowdsourcing marketplace in the world. We bring together employers and freelancers from all over the world, from different nations, regions, and territories.

Employers can engage freelancers in a variety of fields, including software development, writing, data entry, and design, as well as engineering, science, sales and marketing, accounting, and legal services. We will use Perbug in our day-to-day operations, including employing freelancers and making transactions.

There will be a 1% tax on all freelance jobs that will be redistributed to holders. There will also be a 1% tax that will directly fund development including but not limited to the venture capital fund.

## Introduction

PerBug is a platform where people are at the center of building and growing our marketplace. We have freelancers who come from a range of backgrounds, we have a range of skills, we work on big problems and small ones, and we work with a range of programming languages, platforms, and technologies.

We are a meritocracy where initiative, innovation, and results are our main concerns. Respected people work with us for different reasons, not just the usual tech company perks. People work with us for the challenge, our scale, our open-source technology, the push to constantly up-skill, and the direct impact you will have on our business and its products.

We'll be using the perbug as a payment option, and you'll be able to buy it and swap it through our exchange. We offer a wallet that you may use to store your money for a variety of uses.

### OUR CORE VALUES INCLUDE:

**TAKE CHARGE**

**CONTINUALLY IMPROVE**

**BE DATA DRIVEN**

**BE THE BEST HIRE  
THE BEST!**

# Mission

The long-term vision and the investment capacities of large companies allow the development of sustainable marketable skills. PERBUG believe that the placement of experts is an activity based on the correspondence between a mission and a context on the one hand, and the best candidate (hard and soft skills) on the other.

PERBUG mission is to simplify the working process and progress of freelancers across the globe by offering an alternative to the expensive middlemen generally required in these specific types of transactions. The Web service will be used for proving the best platform for freelancers and allowing the community to vote on how foundation funds are spent.

Our mission is to:

- Our mission is to open up huge markets to their suppliers.
- To make Blockchain technology and cryptocurrency accessible by the masses, even if the majority don't know how it works.
- To create an ecosystem where different solutions can emerge from a social perspective, including collaborative applications.

# Vision

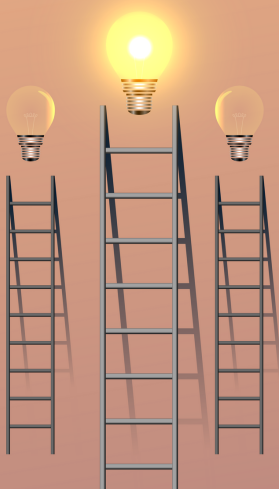

WE STRUCTURE AND SECURE THE RELATIONSHIPS BETWEEN COMPANIES  
AND TALENTED SELF-EMPLOYED WORKERS.

OUR MAIN GOAL IS TO PROVIDE BEST OPPORTUNITY IN LOW TAX PRICE. 1%  
TAX ON ALL FREELANCE JOBS THAT WILL BE REDISTRIBUTED TO HOLDERS.  
THERE WILL ALSO BE A 1% TAX THAT WILL DIRECTLY FUND DEVELOPMENT  
INCLUDING BUT NOT LIMITED TO THE VENTURE CAPITAL FUND.

# WHY CHOOSE PERBUG!

## **Open for global participants:**

**PERBUG** facilitates the transaction and brings them closer to a wider audience. An added benefit of PERBUG use is that it's completely decentralized, so p2p trading can be done freely across borders. The use of technology will facilitate a financial revolution that will leave everyone more financially connected, empowered, and enabled.

PERBUG has no border so these can be used no matter where you are located globally. This also has a huge effect on international payment fees. Traditionally international transfers have much higher fees than domestic transfers and payments. International payments and transfers with crypto are the same as domestic.

## **Free from corporate and government interference :**

PERBUG transactions have no intermediary institutions or government involvement, the costs of transacting are kept very low. Additionally, any transfer happens very quickly, eliminating the inconvenience of typical authorization and waiting period requirements.

## **The efficiency of payment transactions :**

Standard transfers and foreign purchases typically involve fees and exchange costs. Since PERBUG has no intermediary institutions or government involvement, the costs of transacting are kept very low. Additionally, any transfer happens very quickly, eliminating the inconvenience of typical authorization requirements and wait periods.

## **Strong security:**

Built and maintained to the highest security practices to ensure our users and their funds are always protected. PERBUG provides private and secure proprietary technology applications (app), decentralized exchange with its encrypted communication platform.

## CHALLENGES WE OVERCOME

### 1. Payment Fraud

There are more than 4000 cryptocurrencies in the market with their Blockchain technologies. some of them are scams and do payment frauds by confiscation of donations and funds.

### 2. High Fees and Slow Transactions

For transactions, investors always anticipate alternative platforms. crypto users experience sluggish fund flow, lavish transaction fees, and delays in transactions.

### 3. Poor customer services

Fraudulent activities, declined transactions, systems going offline, and unauthorized charges are several concerns of financial institution customers. Due to complicated requirements to open an account and high deposit requirements.
